Verse 1 -baby i love you without a doubt no with this i'm sending you this love shout out your love is one i could never think to live without everyone and god knows too that we belong together just like a feather on a bird there's two words how i feel for you and those are in love yes in love with you forever and i know it's true baby i never felt for someone like i feel for you baby nothing can take me away from you baby nothing can take or make me stop from loving you

Chorus:i'm sending you this love shout out our love is the one i could never think to live without baby just like glue yeah that's right i'll stick to you i'll love you forever like no one can ever do baby i need you in my life with you right by my side forever

Verse 2- yea that's it baby i love you always and forever yes you're my shelter whenever i need you yes i know you'll be there our love is an equal share love you more than anything in the world baby if i could have anything in this world the best thing i could think of is to have you by my side because with you i can do anything and achieve anything

Chorus:i'm sending you this love shout out our love is the one i could never think to live without baby just like glue yeah that's right i'll stick to you i'll love you forever like no one can ever do baby i need you in my life with you right by my side forever

End- yes yes i need you in my life with you right by my side forever (fading)

Bye for now Samantha the angel
