Watch out standing in the road ahead  
She got long blonde hair all dressed in red  
Yea now I'm all alone but there's a room for three  
Is she lookin' good, soon enough I'll see  
Come here

Chorus:

Sweet hitchhiker, I love you so  
Sweet hitchhiker, I dig your clothes  
Sweet hitchhiker, honey I need to know  
Sweet hitchhiker, come one, come on, come on  
Let's take a ride

I'll pull ya baby like I got ten wheel drive  
I'm gonna thrill ya 'til ya wanna eat me alive  
We'll take a ride down south for a short trip  
Come on don't just stand there baby  
With your hand on your hip  
Come over here

[Chorus]

I ain't no convict  
No I ain't no rapist  
Maybe a little but crazy  
But I'm not insane, not insane, no, no, ohhh

Blaupunkt blastin' my favourite song  
Sun's shining down hot and strong  
Why don't you drive, baby here's the key  
Just slide on in Momma this one's on me  
Over here

[Chorus]
