Soft wind blowing
Her hair into my face
Eyes still showing
Look at shadows
Dancing on the beach
Still horizons
All within our reach
Sun still glowing
Underneath the sea
Love just growing
One night, and I'm hooked on you
One kiss, and there's nothing I can do
First love, she had to be so far away
First time, I've been swept away
Spanish islands
Dot the better dreams
Turquoise waters
Throw me back again
When I'm dreaming
Something takes me there.
She's there waiting.
One night, yea, and I'm hooked on you
Just one kiss, and there's nothing I can do
First love, and she just had to be so far away
Oh first time, I've been swept away
I've been swept away.
I've been swept away.
I've been swept away.
Love worth keeping
Takes you by surprise
Untold promises
Cost the same
I know better
Still, I pay the price
She's there waiting.
One night, oh yea, and I'm hooked on you
Just one kiss, and there's nothing I can do
First love, she had to be so far away
Just one time, I've been swept away, yea.
Oh, yea!
I've been swept away, yea.

I've been swept away, yea.
