Ain't no island, no sandy beach  
No waborita in my reach  
But I can feel it, sure as I was born  
Way down in the Tropic of Capricorn  
I smell your body, feel your heat  
You touch my senses ... oooooweeee  
I climb your mountain, slide into your arms  
Into the Tropic of Capricorn  
I wanna live, wanna love  
Find myself that little piece of paradise  
I wanna fly, leaving yesterday  
And wake up in the high of a paradise  
State of mind  
It's what you're thinking, what ya feel  
Cause what you're seeing  
Ain't really real  
In three dimensions or maybe more  
Baby I got what you're looking for  
I wanna live, wanna love  
Find myself that little piece of paradise  
I wanna fly, leaving yesterday  
And wake up in the high of a paradise  
State of mind  
Ooh tropical paradise  
Ooh tropical state of mind  
Oooh tropical paradise  
Gonna wake up in the high  
Wake up in the heat of paradise  
Let it shine for every mother  
Let it shine for every son  
Let it shine for every body  
Let it shine on every one  
Let it be for those who want it  
Bad enough I'll give you mine  
Just let it shine, let it shine  
Let it shine  
I wanna live, wanna love  
An find myself that little piece of paradise  
I wanna fly, I'm leaving yesterday  
Gonna wake up in the high  
Gonna wake up in the heat

Gonna wake up in paradise  
Down in the Tropic, down in the Tropic,  
down in the Tropic, down in the Tropic, down  
in the Tropic of capricorn
