People keep tellin' me
Better save your money, babe
Save it for a rainy day
And I say
Let it rain 'cause
It sure ain't money, babe
Cause me to say what I say
I been criticized
Fir the way I look
The way I play, the way I sing
Say what'cha want
From way down there
'Cause up here it's got a bullshit ring
I'm not concerened
What I read
What I hear
What the future holds
I take my chances
Blow by blow
Because the truth has yet to be told
Well, I just don't know
What they gonna say now
Watching these politicians
Swim in a sea of sharks
One of 'em's got blood on his hands
Everyone scrambles
Just to save his own ass
The opposition moves in and makes demands
A full investigation
Maybe a resignation
No matter what the cost
Ir's not for the country, no
Two terms in a row
The democrats have lost
But I'm not concerened
What I see
What I hear
It's all bought and sold
I just believe
What I wanna believe
Because the truth is yet to be told

Well, I just don't know
What they gonna say now
What they gonna say now
We'll pay tomorrow for the power today
We'll run you down if you stand in our way
But I'm not concerned
What I hear
What I read
It's all bought and sold
I just believe
What I wanna believe
Because the truth is yet to be told
Well, I just don't know
What they gonna say now
What they gonna say now
What they gonna say now
What they gonna say now
What they gonna say now
(Etc.)
