Yes-
I got a cold, cold feelin'
Yeah-
Dancin' on hell's ceilin'
I move to the side, I lengthen my stride
I saw the big one comin'
Oh-
Right now, I'm scared and runnin'
I don't wanna be, I don't wanna be
I don't wanna be--there
When the hammer falls--down
Yeah, when the hammer falls--down
When the hammer falls down
Nails your balls to the ground
When the hammer falls--down
Yeah-
You got away with that one
Oh--you listen
You got away with nothin'
'Cause when the pendulum swings
A new dawn brings light of day
Oh-
Right now it's swingin' your way
I don't wanna be, I don't wanna be
I don't wanna be--there
When the hammer falls--down
Oh, when the hammer falls--down
When the hammer falls down
Nails your balls to the ground
When the hammer falls--down
Yeah--
We always think everything is all right
Feels all right, looks all right
Yeah, but you never know
So ya keep lookin' over your shoulder,
you know--watch it
Oh, you'll be cruising along
You might walk around a corner sometime and
Karma hit ya in the face like an eighteen
pound sledge
Yeah--

When the hammer falls--down
When the hammer falls--down
Oh, when the hammer falls down
I don't wanna be around
When the hammer falls--down
When the hammer falls--down
When the hammer falls--down
Down, down, down, down
When the hammer falls--down
When the hammer falls--down
When the hammer falls--down
