You used to be the one that I dreamed of
So good for me, or so it seemed.
But, now I can feel there's something around you
And it's uneasy babe, but it's plain to see, yeah.
Tell me, is there a moment when he doesn't linger
Behind your starry eyes, his beaconing fingers.
Pull you so far away from the one who wants you.
Oh, will he ever stay or just tail and taunt you.
You're wounded in love
Forsaken by nature
Oh how you keep trying, you search everywhere.
You're wounded in love
Forsaken by nature
You look in each window but nobody's there.
Wounded in love.
There'll come a time when my heart is stronger
And these, these tears of misery have had their day.
But for your sorry soul the verdict is longer.
And I'd, I'd give it all to you, but not this way.
You're wounded in love
Forsaken by nature
Oh how you keep trying, you search everywhere.
You're wounded in love
Forsaken by nature
You look in each window but nobody's there.
Oooh yeah!
You're wounded in love
Forsaken by nature
Oh how you keep trying, you search everywhere.
You're wounded in love
Forsaken by nature
You look in each window but nobody's there.
Wounded in love.
Wounded in love.
Wounded in love.
You look in each window but nobody's there.
Wounded in love.
Wounded in love.
Wounded in love.
You look in each window but nobody's there.
