go if you want to know  
what's behind those hills  
run if you want to catch  
what's waiting there for you  
walk through another door  
...on another floor  
learn how to get across  
if you want to come through  
look for the missing link  
between your dreams  
and reality  
find it, it is the key

push aside yesterday  
push aside tomorrow  
the only time is now  
what we got is today

one nation-generation  
connecting people in a collective mind

emergence - renaissance  
the world is in your hands dont let it slip away

ask and you're gonna get  
wait and you'll see  
lives more than we think  
and way more than they say  
yes we do believe  
there's no ending to  
what we've started once  
it will go on and on  
team up with the best  
trust in providence  
...it will favour  
your undertakings

push aside yesterday  
push aside tomorrow  
the only time is now  
what we got is today

one nation-generation  
connecting people in a collective mind

emergence - renaissance  
the world is in your hands dont let it slip away
