..like a disease
..in the shadows of my very own sun tree..
This is ain't your home
This is ain't your home
..resurrection, intelligence...
And in my eyes...
Charmed ...
This is ain't your home, no, no
This is ain't your home, no, no

Chorus:
Worship the sun
Put that away from where we'll be gone
Afraid to say don't follow us
Whatever we'll do, they'll do!
Worship the sun
Put that away from where we'll be gone
Afraid to say don't follow us
Whatever we'll do, they'll do!

What you make...
Blue sky...
Yeah, yeah...
All the way home, yeah, all the way home!
Many years of time...
Yeah, all the way home
Yeah, all the way home!

Chorus: (x2)
Worship the sun
Put that away from where we'll be gone
Afraid to say don't follow us
Whatever we'll do, they'll do!
Worship the sun
Put that away from where we'll be gone
Afraid to say don't follow us
Whatever we'll do, they'll do!
