(e. howell)

I've got a secret nobody knows
I don't want to keep it but I can't let it go
I've tried to tell you so many times
But I could never tell you, baby, what I feel inside

Baby I'm lost for words when I see you everyday
I try to make myself heard but you take my breath away
I get tongue-tied, shy, hands are shaking
Speechless, heart slowly breaking
Oh oh baby I'm lost for words

Brown eyes & blue skies playing on my mind
How long must I go on keeping my feelings inside
Love is a lonely game unless there are two
How long must I go on living, living without you

Baby I'm lost for words
There is nothing I can say
I try to make myself heard but you take my breath away
Shut down when communication breaks down in
conversation
Oh oh baby I'm lost for words

Love is a lonely game unless there are two
How long must I go on living, living without you

Baby I'm lost for words
When I see you everyday
I try to make myself heard but you take my breath away
Shut down when communication breaks down in
conversation
Oh oh baby I'm lost for words

Baby I'm lost for words
When I see you everyday
I try to make myself heard but you take my breath away
I get tongue-tied, shy, hands are shaking
Speechless, heart slowly breaking
Oh oh baby I'm lost for words

Baby I'm lost for words when I see you everyday
I try to make myself heard but you take my breath away
