Bring all paralyzed things to my side
Let me see, let me see
Their bodies collide
Underneath, underneath the light

Pray for wooden floors
We will all have bad dreams
Underneath, underneath the drippy sink
After all the ringing is gone to bed

And I swear
All the eye saw the white
Is haunting me
I'm always waking up screaming
Where have you left me this time

And there on the table
Are all the stories you had told
Tracing lines
Of gold

I couldn't see
When you told me go away
I don't want you around
After today

Red mark
Right there
Over the doorway
Passover bring us some privacy
Take anything you want

And eyes a lion's came
To rob us of our prey
We cry
Cause we lost more time

And we stood up with fight
And we broke down the door
We promised we would not
Be afraid any more

Oh oh
Gonna get you through this
Gonna get, gonna get you through this oh

Oh oh
Gonna get you through this
Gonna get, gonna get you through this oh

Oh oh
Gonna get you through this
Gonna get, gonna get you through this oh
