They say they want, they say they want
You love live your life, you love live your life
Baby, baby
It would stay girl lay before you
Say that thing, say that thing
I'm happy that you made it
But really, really, really
They would shell was down, down, down

Rounding round getting it the strongest empty sick in it
The city slick but tonight in my mouth where her titty
seat
I titty split but then I go hammer your sammer the
sammer
Smokes something I'm willing I'm gone
Hope the DJ and that hope
Prefer old gin with no pope and I like my bitches alive
But my enemies with no poe
So stay now wide open Maserati cold to see bad
With no shirt tattie cloud surfing like... high up, high up,
high up

I'm go down, I'm go down, I'm go down
Keep your head above the water, above the water
And when they down
Just keep showing that you're stronger, that you're
stronger
Smoke too much, smoke too much
I think I got our drinking problem
But if you want me all this you play
If I want you too, uh

I'ma be the same I'll probably never change
Think us think I'm new but I got guilty in this game
They doing my thing I've been here calling my lane
I've been here all across and had the diamonds in my
chain
You say you want a rock star a super star, a big shy
While it takes a little time, a little patience
I never lie, plus I get all I got
Is that's what you want, is that what you want,

Is that's what you want from me
You always said I will make it,
Yes you did, yes you did
But you will take don't forget about me
