(beale)

Did you think you could keep your cool  
On a night like this  
Can't you feel the fever, in the air  
Hear my voice callin' out for you  
And you can't resist  
When you taste the passion we could share

One touch from you could make  
The sparks fly  
I've got a secret that I can't hide  
Hold on baby and you will see---

Hot/hot for you  
Ooh, you got me burnin' up  
Hot/hot for you  
Feel my body turnin' so  
Hot/hot for you  
Come 'n' get it it's hot  
I never get enough

You should know not to stand too close  
When you play with fire  
Boy, I got a hunger you can't tame  
Tell me now will you let your love  
Cool my desire  
Before it all goes up in flames
