Nice and easy
Take it nice and slowly
Let's relax and just enjoy
Each other my baby

We've so little time to be
Alone together
Watching you
Watching me
Let's break free

I can lie in your arms
Meditate away tension
You can carry away
Until all my senses melt

So, take it nice and easy
Climb the walls of my defences
So, take it nice and slowly
Oh, you know how to please me

I'll get used to missing you
Make the most of the moment
I'm afraid to let you go
Hold me with the motion
You'll be leaving me too soon

Watching you
Watching me
Let's break free...
So, take it nice and easy
Climb the walls of my defences
So, take it nice and slowly
Oh, you know how to please me

You'll be leaving me too soon

Watching you
Watching me
Let's break free my love

Watching you
Watching me
Let's break free

So, take it nice and easy
Climb the walls of my defences
So, take it nice and slowly
Oh, you know how to please me

Take it easy
Take it nice and slowly...

So, take it nice and easy
Climb the walls of my defences
So, take it nice and slowly
Oh, you know how to please me...
