Let's go, let's go, let's go
Okay, are we gonna do this or what?
You wanna play?
(What you gonna do?)
I do

I caught you staring across the room
Sending me the sign
But you're too cool to make your move
But I know what's going on in your mind

I'm not into playing silly games
So, blow it hard and cold
You've got my number and you know my name
Come on make your move 'cause I'm ready let's go
(Let's go)

To your house or my house
What you wanna do?
I'll leave it up to you

Your house or my house
Stop playing for sign
And make up your mind

(Let's go, let's go, let's go, let's go)
(Let's go, let's go)
To your house or my house
(Let's go, let's go, let's go, let's go)
(Let's go, let's go)
Baby

I can see you're the king of the house
But can you pass my acid taste?
I know you've got all of the moods
But now you're moving with the bass

You can check your body
Can you catch my groove?
Then we pump up the volume loud
Come on and show me what you can do
We now get you far off away from your ground

To your house or my house
What you wanna do?
I'll leave it up to you

Your house or my house
Stop playing for sign
And make up your mind

[Incomprehensible]
Let's find a place far away from the noise

Step into my ride baby
I know you think I'm crazy
Straight up here's the deal
You never do that, would you?
If you got what you feel
(Let's go)

Ooh, ooh, what you gonna do?
What you gonna do?
Ooh, ooh, what you gonna do?

Ooh, ooh, what you gonna do?
What you gonna do?

(Let's go)
To your house or my house
What you wanna do?
I'll leave it up to you

(Let's go)
Your house or my house
Stop playing for sign
And make up your mind

(Let's go)
Your house or my house
What you wanna do?
I'll leave it up to you

(Let's go)
Your house or my house
Stop playing for sign
And make up your mind

(Let's go)
Your house or my house
What you wanna do?
I'll leave it up to you

(Let's go)
Your house or my house
Stop playing for sign
And make up your mind

(Let's go)
Your house
