Daddy G

Trendy wendys you know what i mean

Hangin' around with girl who's rolling up her jeans

She watches her street crack 'cause she's no dummy

Through rockin the microphone and she's calling me  
honey

Says I know what I want don't move with thugs

Well house parties hip hop and smoking drugs

And whoever's been the boss she's down with 'em

She's always on time 'cause the girl got rhythm

To avoid a complication i'll give some information

About a certain occasion under an illustration

'Cause when I host my show-a I avoid the girl called lola

Who's more pu-pu-public than the drink they call it coca  
cola

I'm just practice posing face is shaded in black

Is dominating as my color the massive attack

Right now i hit it kick it flow smooth hit middle wicket

Tricky

I take a small step now it's a giant stride

People say I'm loud why should I hide

Only had a small taste so what a waste

I quietly observe though it's not my space

Bottom end's heavy you know we're never even

People call me Tricky for particular reason

I've got you see and I've got to let you know

See we're rockin' in your area rock beneath your balcony

My baby just cares for me well that's funny

Her touch tickles especially on my tummy

Daddy G

Now who's got the microphone

Tricky

Now who's honey

Daddy G

A turbo turbo and charge with a charge

I be daddy g wild bunch crew at large

Don't call a officer just call me a sarge

Mashing up the country and also abroad

Plan to go to America when I get a visa card

Tricky

But gettin' a visa card nowadays isn't hard

Daddy G

So keep your ears glued listen to every chord

Tokyo city's one place that we toured

Four ??? plus two mixer board

Sharper than a Wilkinson razor sword

3D

When I was a child I played subbuteo on

My table then I graduate to studio one

My nom de plume got my pseudo no (?)

And around my neck you know I wear the sony budokan

Indigo blues you got me in my own shoes

The people dancing in the shape for what they make

They can't lose

Yes waxing lyrical but this time it's not satirical

It's kinda spherical so jam me in a ???

This is the miracle of the dubplate dub selection

Daddy G

So whether you're black white or half-caste in your  
complexion

3D

Yes pull out your phono plug and tuck you in your  
phony

It's started by marconi resumed by sony

A summary a while is a history and only

The massive attack ??? explosione

Horace Andy

Get away with your guns now

We don't want it

Get away with your guns now

We don't like it

Eternal love eternal love

Money money money

Root of all evil

Money money money

Root of all evil
