Summertime always gives me the blues

Thinking about the things we used to do

Watching lovers in the park making love so free

And now i realize there's only me

Lately baby where, where did we go wrong

(x2)

You been acting like a cat on a hot tin roof

Something's on your mind that you can't share

You never used to hide your feelings from me

Keepin secrets i don't understand

Lately baby where, where did we go wrong

(x2)

I used to synchronize it with your body

Making it so tight never letting go

(x2)

Lately baby where, where did we go wrong

Lately, lately, lately, lately

Lately baby, where did we go wrong

Where did we go wrong

Missed your touch, missed your touch
