This girl I know needs some shelter
She don't believe anyone can help her
She's doing so much harm, doing so much damage
But you don't want to get involved
You tell her she can manage
And you can't change the way she feels
But you could put your arms around her
I know you want to live yourself
But could you forgive yourself
If you left her just the way
You found her
I stand in front of you
I'll take the force of the blow
Protection
I stand in front of you
I'll take the force of the blow
Protection
You're a boy and i'm a girl
But you know you can lean on me
And I don't have no fear
I'll take on any man here

Who says that's not the way it should be

I stand in front of you

I'll take the force of the blow

Protection

I stand in front of you

I'll take the force of the blow

Protection

She's a girl and you're a boy

Sometimes you look so small, look so small

You've got a baby of your own

When your baby's grown, she'll be the one

To catch you when you fall

I stand in front of you

I'll take the force of the blow

Protection

I stand in front of you

I'll take the force of the blow

Protection

You're a girl and i'm a boy (x4)

Sometimes you look so small, need some shelter

Just runnin round and round, helter skelter

And I lean on your fears

Now you can lean on me

An that's more than love

That's the way It should be

Now I can't change the way you feel

But I can put my arms around you

That's just part of the deal

That's the way i feel

I put my arms around you

I stand in front of you

I'll take the force of the blow

Protection

I stand in front of you

I'll take the force of the blow

Protection

You're a boy and i'm a girl (x4
