We're the statistics that can change the world,  
We're the statistics that can change the way things  
work:  
In a billion different places  
As a billion individuals, yeah!

You think we should sit out and let the world deal with  
it's problems,  
But I don't think that's the way to go. Oh!  
You say the majority always wins: well why should we  
let them?  
Why not let the others speak their minds, and let them  
change our lives?

We're the statistics that can change the world,  
We're the statistics that can change the way things  
work:  
In a billion different places  
As a billion individuals, yeah!

Sure you're just one person,  
But what if a billion persons made the choice to make a  
stand?  
Don't be afraid to be the first to go in the right  
direction,  
And don't be afraid to stand alone.  
'Cause after you've taken that first step of faith,  
Then others will follow and you won't be alone  
As you go against the flow!

We're the statistics that can change the world,  
We're the statistics that can change the way things  
work:  
In a billion different places  
As a billion individuals, yeah!

Now is your time, even if you don't make the headlines,  
Now is your time to shine!  
Now is your time, even if you don't make the headlines,  
Now is your time to shine!

We're the statistics that can change the world,  
We're the statistics that can change the way things  
work:  
In a billion different places  
As a billion individuals...

We're the statistics that can change the world,  
We're the statistics that can change the way things  
work:  
In a billion different places  
As a billion individuals, yeah!

[Instrumental Closing]
