Ain't you ain't gotta say another word no
And you ain't gotta act like we okay,
You ain't gotta save me like we were no
Baby 'cause it's sweet and all your face

Can we call in love anymore,
We don't even cut up it's so hard anymore
Don't pretend like is ain't gonna wait, ey
I know it's on your mind so baby say it, say it, you can
say it

Chorus:
'Cause if you spend me over, over
We ain'y gotta hide from it anymore
You ain't gotta lie,
You can let me know,
Even though I cry I'ma let you go,
I will let you go.

Go ahead and break my heart already
Go ahead and break my heart already
Baby just break my heart already
Go ahead and break my heart already, ready eh

You ain't gotta make excuses no more,
You ain't gotta beg for me to stay, yey
Please don't tell me, that you love me no more,
Baby 'cause it's written on your face

But you don't even love me anymore
We don't even cut up it's so hard anymore
Don't pretend like it ain't gonna wait, ey
I know it's on your mind so baby say it, say it, you can
say it

[Chorus:]
