I'm all out of easy  
I need more and then some  
Can you help me find it?  
You're coming in stages, and very contagious  
Oh I'm under pressure  
You're feeding me tension  
And I had to lift it  
I know that it's all wrong  
I'm learning a lesson  
But I just can't help it  
Cause you got what I want

I can't help but to feel like I'm doing something wrong  
Even though we were through, nothing's really going  
on  
I start to blush, you got that golden touch

And I'm all out of love  
Oh baby  
But I can't get enough  
Of your touch

I'm all out of love  
Ooooooh  
But I can't get enough  
Of your touch

I'm caught in the moment  
Just give in emotions  
I'm slowly letting go  
Is this what you wanted?  
I'm mistaken for honest  
We'll I'm breaking his heart

I can't help but to feel like I'm doing something wrong  
Even though we were through, nothing's really going  
on  
I start to blush, you got that golden touch

And I'm all out of love  
Oh baby

But I can't get enough  
Of your touch

I'm all out of love  
Ooooooh  
But I can't get enough  
Of your touch

I'm all out of easy  
I need more and then some  
Can you help me find it?  
I'm learning a lesson but I just can't help it  
Cause you got what I want

But I can't get enough  
I can't get enough  
Oh yea yea yea

I'm all out of love  
Oh baby  
But I can't get enough  
Of your touch

I'm all out of love  
Ooooooh  
But I can't get enough  
But I can't get enough

I'm all out of love  
But I can't get enough  
Of your touch
