Out here standing on the edge,  
both my feet are hanging off  
I know the landing can't be soft  
It's too far down from up here on the ledge  
I'm pretty sure that I can't fly  
part of me still wants to try  
It's crazy, how I fell for everything  
so if I fall this time who can I blame

I thought the world was round  
looking closely I have found  
It's a messed up ball of jagged edges  
I thought if I believed  
it turn into reality  
stupid me I thought the world was round

Light won't always show what's true  
sometimes it can leave me blind  
make the truth too hard to find  
and some days it can change my point of view  
what I think of what I thought  
what it was now it's not  
it's crazy, how I fell for everything  
so if I fall this time then I'm to blame

I thought the world was round  
looking closely I have found  
it's a messed up ball of jagged edges  
I thought if I believed  
it turn into reality  
stupid me I thought the world was round

When I feel it turn  
See the things I wish I hadn't learned  
Oh

I thought the world was round  
looking closely I have found  
it's a messed up ball of jagged edges  
it's a messed up ball of jagged edges

I thought if I believed

it turn into reality  
stupid me I thought the world was

I thought the world was round  
looking closely I have found  
it's a messed up ball of jagged edges  
I thought if I believed, I  
it turn into reality  
stupid me I thought the world was round
