Baby blue
With all your loose hair

Just tonight
I take you everywhere
Baby blue
I'm running by your love
And I swear enough
Is not enough
My love I know
Is decending too

Your always in my heart
Your my ocean blue...

Chorus

Fly with me on the wings of love
Fly with me thru the moon
Hand the moon with my love enough
Don't look back
Come with me baby blue
Fly with me thru the universe
Fly with me thru the night
We have it all like a dream on earth
Don't look back come with me just tonight

Baby blue a fire without flame
Coming back bring me the sun again
Baby blue we'll drink champagne on ice
And it feels like wer're in paradise
Oh I'm in the world

And I know it's true
Your always in my heart
Your my ocean blue...

Chorus

Fly with me on the wings of love
Fly with me thru the moon

Hand the moon with my love enough
Don't look back
Come with me baby blue
Fly with me thru the universe
Fly with me thru the night
We have it all like a dream on earth
Don't look back come with me just tonight

Chorus

Fly with me on the wings of love
Fly with me thru the moon
Hand the moon with my love enough
Don't look back
Come with me baby blue
Fly with me thru the universe
Fly with me thru the night
We have it all like a dream on earth
Don't look back come with me just tonight
