Ciau baby, let's call it a day
Ciau baby, go ahead and throw my love away
No baby it's too late to change a minus day
Please don't drag it out much longer
Leave before the hurt gets stronger, ciau

I should have known
You would be the very first to cast a stone
You're not to blame
It's your friends that have left in me the rain

They filled your head with wonder
They said I'd drag you under
Now you've lost sight of my love
It's time to say goodbye, love

Ciau baby, let's call it a day
Ciau baby, go ahead and throw my love away
No baby it's too late to change a minus day
Please don't drag it out much longer
Leave before the hurt gets stronger, ciau

Fly like a bird
Freedom's here and I release you from your word
Don't turn around
You may find that your feet are on the ground

Your world is shy to find me
You've got to try to fight me
No room for us together
I guess nothing lasts forever

Ciau baby, let's call it a day-ay
Ciau baby, go ahead and throw my love away
No baby it's too late to change a minus day
Please don't drag it out much longer
Leave before the hurt gets stronger, ciau

Ciau baby, let's call it a day-ay
Ciau baby, go ahead and throw my love away
No baby it's too late to change [fade]
