Is not that I don't wanna let you  
Is just I don't wanna let you in there  
Better help me forget you?

It's five in the morning  
Tell me where you're going  
I hope you ain't honey  
Baby, it's looking all familiar and I like it  
Then am I leaving you all excited?  
Ha, ha, ha?  
Cause I like it!  
Goose, yeah I'm on it  
... on my body  
Candles will... before I knew he was coming, yeah  
All the feeling I gotta admit, I make you something that  
I regret  
So lady, take it all out!  
Take it all back, excuse  
And it takes all back, telling me when you ain't and you  
really ain't boss!

Chorus:  
You look good and you know it, don't you?  
It's all... all the boys be all upon it  
I'm not the type to be caught up in the moment  
I let you hit me from the back just to say you have that!  
Cause I'm so scared, that I might like it  
Yeah, I'm too scared that I might like it

He tells me, his only here to party for the weekend  
So in my mind I don't want it, but my body wanna jump  
up on it down  
This is serious, boy you got me curious  
You're tall, so appealing and I really need some  
healing  
Got me going through the...  
Now I'm higher than the ceiling, now  
I'm fucking higher than the ceiling, now

Uh, go see... by my body  
Candles lit up before I knew you was coming, yeah

All... the feeling  
I gotta admit I might do something that might regret  
Too late, take it all back! Take it all back!  
Cause you sent the text right back  
Telling me you're on your way, and you're really that  
far

Chorus: (x2)  
You look good and you know it, don't you?  
It's all... all the boys be all upon it  
I'm not the type to be caught up in the moment  
I let you hit me from the back just to say you have that!  
Cause I'm so scared, that I might like it  
Yeah, I'm too scared that I might like it!
