I've been up and down
Been going round and round
I've been all over town
But I'll never ever find somebody new for sure

Show me where I belong tonight
Give me a reason to stay
No matter if I go left or right
I always come back to your love

I've been high and low
I don't know where to go
Because I love you so
And I'll never ever find someone like you for sure

Show me where I belong tonight
Give me a reason to stay
No matter if I go left or right
I always come back to your love
No matter if I go left or right
I always come back to your love

Show me love tonight
I'm going left to right
No matter where I go
I always find your love

Show me where I belong tonight
Give me a reason to stay
No matter if I go left or right
I always come back to your love

Show me where I belong tonight
Give me a reason to stay
No matter if I go left or right
I always come back to your love
I always come back to your love
