Baby come on over tonight  
We can make it all right  
Take a piece of my heart  
And go from the start

You say that you want me  
Again and again  
You say that you need me  
To be more than just your friend  
So I thought about it  
And maybe you're right  
I've been checking your records  
And they seem all right

Baby come on over tonight  
We can make it all right  
Take a piece of my heart  
And go from the start  
Baby come on over tonight  
We can make it all right  
Boy there's no one like you  
Do you feel it too

So we get together  
If just for a while  
Let's make it happen  
Don't waste any time  
And now I need to find out  
What you're about  
So come over tonight  
Let's sort this out

Baby come on over tonight  
We can make it all right  
Take a piece of my heart  
And go from the start  
Baby come on over tonight  
We can make it all right  
Boy there's no one like you  
Do you feel it too

Baby come on over tonight  
We can make it all right  
Take a piece of my heart  
And go from the start  
Baby come on over tonight  
We can make it all right  
Boy there's no one like you  
Do you feel it too

Baby come over (repeat a few times)

This is our night tonight  
Everything's gonna be all right  
This is our night tonight  
Everything's gonna be all right  
This is our night tonight  
Everything's gonna be all right  
This is our night tonight  
Everything's gonna be all right

Baby come on over tonight  
We can make it all right  
Take a piece of my heart  
And go from the start  
Baby come on over tonight  
We can make it all right  
Boy there's no one like you  
Do you feel it too

Baby come over  
This is our night tonight  
Everything's gonna be all right  
This is our night tonight  
Everything's gonna be all right  
Baby come on over tonight  
This is our night tonight  
We can make it all right  
Everything's gonna be all right  
Boy there's no one like you  
This is our night tonight  
Do you feel it too  
Baby come over  
This is our night tonight  
Baby come over
