Back in the day I did not know  
What to look for in my new beau  
So I would just settle for guys I should never  
Even have dated but now I know better

Because I've experienced  
All types of relationships  
Now I know what I need  
So I shall just lead  
My dream guy into real life with me, yeah, yeah, yeah

I'm lookin' for guy  
To play the lead in my life  
I'm sure that in due time  
That I'll find my Mr. Right

To all of the men who are out there  
All the single ladies wanna know where  
So put your hands up in the air  
And say, "I'm right here"

To all of the men who are out there  
All the single ladies wanna know where  
So put your hands up in the air  
And say, "I'm right here"

You got a real style, beautiful smile  
Wears that cologne that drives women wild  
Takes more than just looks to get me shook  
If he catches my mind he'll have me hooked

Want a guy with intelligence  
A perfect gentleman  
To be more than a lover, be more than my man  
A guy who could be my best friend

I'm lookin' for guy  
To play the lead in my life (In my life)  
I'm sure that in due time  
That I'll find my Mr. Right

To all of the men who are out there

All the single ladies wanna know where  
So put your hands up in the air  
And say, "I'm right here"

To all of the men who are out there  
All the single ladies wanna know where  
So put your hands up in the air  
And say, "I'm right here"

I wanna where (I wanna where)  
Could they be over there (Could they be over there)  
No, they're right here (No, they're right here)  
I think they're over there (Could they be over there)

Say I wanna where (Say I wanna where)  
I think they're over here (I think they're over here)  
I know they're here somewhere (I know they're here  
Somewhere)  
I know there are good men out there
