I remember when I still believed the things you said
Never would have thought that this would come to an
end
How was I to know that you had another, someone new
I recall the days, loved you in a million ways
Suddenly you and me from friends to history
I realise my trust ain't coming back no more

Cause my love for you will always last eternally
You are in my heart, I loved you from the start
Baby it's hard to believe that you and I were never
meant to be

Does anybody know this feeling of despair?
When you really love someone, when you really care
It's hard to walk away when I really wanna stay with you
Does anybody know it tears you up inside
When you try to decide between what's wrong and right
Gotta know for sure, my trust ain't coming back no
more

Cause my love for you will always last eternally
You are in my heart, I loved you from the start
Baby it's hard to believe that you and I were never
meant to be

Oh, oh-oh, oh-whoah

Cause my love for you will always last eternally
You are in my heart, I loved you from the start
Baby it's hard to believe that you and I were never
meant to be

Yeah, yeah
That you and I were never meant to be
Yeah, yeah, yeah
That you and I were never meant to be
