Verse1 (ABRA)

Halika na mga para tara magsaya
Inuman na, di na baleng may maaksaya
Dapat basagan hanggang umaga, cheers
At tsaka mag-ambagan kapag wala ng beer
Kapag ganito ang buhay at simple lang
Ito'y nagpapatunay na di imposible ang
Mabuhay ng nakangiti kahit wala ng pera
Para bang kapayapaan sa gitna ng giyera
Limutin ang problema sa tunog ng gitara
Wag intindihin kapag walang laman ang pitaka
Hindi naman kailangan ng magarang damit
Basta maayos ang itsura kahit parang gamit na ulit
Kahit sabihin nilang peke yan
Walang prolema sa telepono na second hand
Wag kang mag-alala, talaga, tara na
Just keep it simple everyday para lang iyong malaman
na

Chorus (RJAY)

Ang buhay simple lang
Wag mo nang isipin ang
Di mo maintindihan
(Hey! just keep it simple everyday!)
Tumawa sige lang
Masaya na sine ang
Buhay mo pag simple lang
(Hey!)

Verse2 (ALEX)

Relaxin' is enticin' so stop the stressin'
Perplexin' the microphone testin'
Addressin' a message to the masses
Dress and suits, corsage and poises
Life is a videogame on easy mode
If it gets hard use a cheat code
Open your ears, your heart, mind and soul
Cuz simple fun just never gets old
Free your mind from dilemmas like work in school
Take a break from a drama just keep it cool
Just like a jewel puts a smile on my face

And if we all did it, this will be a better place
Don't worry, be happy, don't put it to waste
So let me see that dimple
You know just keep it simple

Chorus (RJAY)

Verse3 (RJAY)

Let's kill the complexity, release the stress and
Believe we have power, livin' here is a blessing
On this earth that is beautiful and full of life
Let's lay back chill and kick it, keep it cool alright
Cuz ain't nothin' better than this atmosphere
Where everybody's all good relaxed with no fear
What you hear is good conversations all night
Plus music equals good vibes, am I right?
Kaya itigil mo na yang pag-iisip-isip
At imulat ang mga mata na pipikit-pikit
Kinabukasa'y di tiyak, kahit may butas o biyak
May solusyon pa rin lahat kaya ang ulo'y i-angat
At itapat kung san bumabangon ang araw
Kahit may kabigatan, lahat ng problema'y mababaw
Tumayo ka ng direktso at tibayan ang loob
Kahit gaano pa yan kalalim, 'ding hindi ka lulubog
sapagakat
