All you got to do  
All you got to be  
All you got to say  
Is to be happy

Everything you hear  
Everything you feel  
Everything you will need  
Is to be happy

Come, It's a beautiful day  
It's a holiday  
Gotta dance your time away  
Come, like a dancing queen  
Master of the scene  
Open up your eyes and say

All I got to do  
All I got to be  
All I got to say  
Is to be happy

Everything I need  
Everything I feel  
Everything I will show  
Is to be happy

Come, It's a beautiful day  
It's a holiday  
Gotta dance your time away  
Come, like a dancing queen  
Master of the scene  
Open up your eyes and say
