Gone Get 'Em
Gone Get 'Em

[Verse--Ray]

Check out my whip game
I stay gripping that wood grain
Ridin' 24 inches and my ride dripping that candy paint
Escalating in the Escapde
Just demonstrating just how I ride
You can get it up on your shirt
But girl don't get it up in your eye
Check out my kicks
You can call a nigga 'Karate Kid'
Rollin' with my nigga Chop
And Pace man we do it big
Dolla Bill he keeps it real
And Ay-D he know the deal
And Johnny Morris stay strummin' on that guitar for a
dollar bill
Me and my nigga trying to make a meal
Even if we have to kill
So pussy niggas better guard your grill
Give a nigga some room
Cause I'm on fire just like a lighter
Cause I'm ready to rumble like Mortal Kombat or Street
Fighter
Niggas better watch out
Cause you know I keep them up in the chambers
So little daddy you better not buck
Cause I'll leave you red like a power ranger
Reppin' them Bash Brothers
We making room like Reggie Bush
We don't fuck with dro dawg
We stay blowing that purple kush
Call me iron man
Cause you pussy niggas will never hurt me
So I ride up in something dawg
With more horses than the Kentucky Derby
I stay on my grind
And I stay hungry like Starvin Marvin

Call me the game
Cause I stay balling like Percy Harvin
I'm always on top
But I know God always above me
I'm jiggin' check my swag out
I'm feeling like a Dandy Dozen
Regular season like Tom Brady
You fucked boys can't even touch me
So if you ain't Strahan or Umenyiora
Don't even rush me
And like Lil' Wayne
I keep all my money on my mind
This line might sound familiar
I had a catscan and saw dollar signs
Been in the game
Call me Brett Fave
I ain't never slackin'
I ain't from Green Bay
But your boy is always packin'

[Outro]
