Choppa

We bout to go in Test Mode

Let's get it

[Chorus 1--Choppa]

Test mode

Test mode

I'm about to go in test mode

Test mode

Test mode

I said I'm about to go in test mode

I need a number 2 pencil and a brand new eraser

I gotta pass a test and get an 'A' up on my paper

Test mode

Test mode

I'm about to go in test mode

[Verse 1--Choppa]

6:30 in the morning

My alarm clock going off

If I got a hard on then I gotta make it soft

Right after that man

I hop up in the shower

Getting ready for school

It's gone take about and hour

Cause I gotta stay clean

And I gotta stay pimpin'

If a nigga wanna push me

Then I have that nigga limp in'

When I get out my shower

I get my morning meal

Jelly toast Eggs and bacon

Man that grub is it for real

It fits my belly nicely

You can call if food for thought

My rhymes are so sick it could make a nigga cough  
Then it's to my room where I keep the latest gear  
This T-Shirt These shoes  
Ain't come out this year  
Now it's outside to my whip  
You know I keep that thing clean  
Sittin' 23 inches  
You don't know what I mean

[Chorus 2]

Test mode  
Test mode  
I'm about to go in test mode  
Test mode  
Test mode  
I said I'm about to go in test mode  
I need a number 2 pencil and a brand new eraser  
I gotta pass a test and get an 'A' up on my paper  
Test mode  
Test mode  
I'm about to go in test mode

[Verse 2--Choppa]

Now I'm at the school  
And all these hoes on me  
Tell 'em get off my dick you bitch  
You not my homie  
When I'm walking down the hallway  
Be like "Hey There go Choppa"  
Girls pay me  
So I never have to cop her  
Now I'm at my locker  
Strapped with my calculator  
Holla at hoes now  
Then I holla at hoes later  
Then I step up in the class  
And proceed to my seat  
I'm rhyming insane over Bosie's fat beat  
I gotta get my pencil sharp  
And get my mind right  
We got potheads in the back  
That's high as a kite  
Now here comes the teacher  
She's passing out the test  
I gotta get my mind right and try to do my best

[Chorus 3]

Test mode

Test mode  
I'm about to go in test mode  
Test mode  
Test mode  
I said I'm about to go in test mode  
I need a number 2 pencil and a brand new eraser  
I gotta pass a test and get an 'A' up on my paper  
Test mode  
Test mode  
I'm about to go in test mode

[Verse 3--Ay-D]

I'm fed up with this test  
My head's about to hit this desk  
I may have gotten two right  
But I know I missed the rest  
I'm staring at the ceiling  
Asking God for some help  
I know I can't cheat  
Cause I'm sitting by myself  
The multi-choice is boring  
I'm trying to stay awake  
And the essay question  
Man I just left it black  
The short answer's hard  
I'm starting to get lost  
All I can do is flip a coin on the true or false  
Looking around the room  
I'm the only one who didn't study  
Everyone is done and they're looking at me funny  
Maybe later on  
I can get some extra credit  
Cause I ain't gone pass this test  
So I best just forget it  
I turned the thing in  
So just please let me go  
Bet next time you see me  
I'm gonna be in test mode

[Chorus 4]

Test mode  
Test mode  
I'm about to go in test mode  
Test mode  
Test mode  
I said I'm about to go in test mode  
I need a number 2 pencil and a brand new eraser  
I gotta pass a test and get an 'A' up on my paper  
Test mode

Test mode  
I'm about to go in test mode
