Am I better off dead
Am I better off quittin'
They say I'm better off now
Than I ever was with him
As they take me to my local down the street
I'm smiling but I'm dying
Trying not to drag my feet

They say a few drinks will help me to whenever
But after one too many I know that I'll never
Only they can see where this is gonna end
They all think I'm crazy but to me it's perfect sense

Chorus:

And my mates are all there trying to calm me down
'Cause I'm shouting your name all over town
I know that if I get there now
I can change your mind turn it all around
And I know that I'm drunk but I'll say the words
And you'll listen this time even though they're slurred
So I dial the number and confess to her
That I'm still in love and all I heard was nothing

SO I stumble there, along the railings and the fences
I know if I'm face to face that he'll come to his senses
Every drunk step I take leads me to his door
If he sees how much I'm hurting
Then he'll take me back for sure

Chorus:

And my mates are all there trying to calm me down
'Cause I'm shouting your name all over town
I know that if I get there now
I can change your mind turn it all around
And I know that I'm drunk but I'll say the words
And you'll listen this time even though they're slurred
So I dial the number and confess to her
That I'm still in love and all I heard was nothing
I heard nothing,
Oh I wanted words but all I heard was nothing
He said nothing

Oh nothing...
I wanted words but all I heard was nothing

Oh sometimes love is intoxicating
When you're coming down your hands are shaking
And you realize there's no one waiting

Am I better off dead
Am I better off quittin'
They say I'm better off now
Than I ever was with him
