I can't help it the funks in my DNA straight shots getting  
drunk off E and J steadily rollin the skunk in the  
cheeevrolay either way it could be  
the blunt or could be the jay my crew is always on the  
hunt for the T and A  
your crew is nothing but some punks always being gay  
this beat's so damn crunk  
that your speaker may jump up and down in your trunk  
like a frijole my thoughts connect like a  
modem MC's is all on my nuts like my scrotum bitin my  
lyrics and trying to claim that they wrote 'em  
right after they water 'em down and sugar coat 'em  
they might as well quote 'em give a reference and  
footnote 'em  
with a website so mother fuckers can download 'em  
make flyers for my shows and pomote 'em for free  
write books and devote 'em to me  
Cuz I'm the scatterbrain you ain't got nothin' on me!  
I practice learning raps and surely sacks are burning  
wax is learning taxidermy tacking thirty rookies  
by the mantle talk shit about me throw fits oh it's ok  
I'm givin' out free cookies by teh handful my text is  
vivid like a silent actor i'll make you fucking neck snap  
like a chiropractor I'll throw your trash demo into my  
compactor I got so much  
grass I had to buy a tractor and mow it cuz i grow it so  
efficiently that every single person  
that i know of's got a kola for a christmas tree industry  
lacks original acts these pitiful cats is whack they get  
minimal claps from wax i got the type of verbal  
eloquence that's like a herd of elephants trampling  
your intelligence plus i spice it up like zattarains  
these thoughts are the results of the scatterbrain you  
think you hot but my heat's greater I make you feel like  
you're standing on the equator  
unique flavor sharp on the track like a speed skater  
with zero tolerance for weak haters  
I bum rappers in my cremator on the surface of your  
brain i leave a deep crater you only heart me rhyme  
one fucking time and i'm still stuck in your mind  
like a week later cuz i'm the scatterbrain
