The earth is in a blaze, the world is in a maze
The way of life today is strange and odd
What happened across the sea may come to you and
me
Oh come, let us go back to God, go back to God

Oh, come on
(Let's go back to God)
Let us go back
(Let's go back to God)

Come on
(Let's go back to God)
Let us go back
(Let's go back to God)

I know the way
(Let's go back to God)
Without my Lord
(Let's go back to God)

Mighty hard
(Let's go back to God)
Oh, yeah
(Let's go back to God)

That I know death has
(Oh, let's go back to God)
Walked the path
(Let's go back to God)

Yes, death is mild
(Let's go back to God)
Up hill we tried
(Let's go back to God)

Come on, yes
(Let's go back to God)
Let us go back
(Let's go back to God)
Go back to God
(Come, let us go back to God)

There's trouble in the air, destruction is everywhere
And men are being tramped beneath the soul
And they shunt rape, and smoke have not begun to fall
Oh come, let us go back to God, go back to God
