Wo ah la ta da, wo ah la ta da, da da da all night long  
(x2)

Yeah, come on & let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long  
One more time, come on & let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long

Gotta tell you, evenin' sun is sinkin' low  
The clock on the wall say it's time to go  
I got my plans, I don't know about you  
I'll tell you exactly what I'm gonna do

Get in the groove & let the good times roll  
I'm gonna stay here till I soothe my soul  
If it take all night long  
Yeah, everybody let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long

Yeah, it might be 1 o'clock & it might be 3  
Time don't mean that much to me  
I've felt this good since I don't know when  
& I might not feel this good again

So come on & let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long  
& all night (all night) & all night (all night)  
& all night (all night) & all night long (all night)  
Somebody said it might take all night long  
& all night (all night) & all night (all night), so  
Come on & let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long
