If I had you honey, I'd be happy  
If I had you, how happy I would be  
If I had you, sweetheart, I'd be so happy  
How I wish you'd belong to me

If I had you, I know I have riches  
If I had you, how rich I would be  
If I had you, baby, I have so many riches  
How I wish you belong to me

Baby, baby, don't you hear me calling?

If I had you I know, I'd be happy  
If I had you, baby, how happy I would be  
If I had you, I'd be so happy  
How I wish you belong to me

How happy I would be if you belong to me
