CHORUS (x2):

Soothe me baby, soothe me
Soothe me with your kindness
For you know your powerful love is
Soothin' to me

Oh how I used to ramble
& how I used to roam
Oh but since I met that baby of mine
All I do is stay at home, & I tell her

(chorus)

Oh I used to have a lot of girls
Have them big & small
Oh but since I met that baby of mine
I know no other girls at all; I just tell her

(chorus x2)

It's so soothin' to me
Your love, babe, is soothin' to me
...& fade
