The smile on my face
As I leave your place
This is my exit
This is my big escape
I know you're watching
You know that I won't
Look over my shoulder
I'm already over you

The whole world's brighter now
Better, Faster, Wow
Hey you,
On your thundercloud
Look at me now

Me in my red dress
Riding my blue bike
All of the neighborhoods
Stop to watch me go
Seems I ride faster
As I get wiser

You're just a phony
Who tried to slow me down
The Whole world's brighter now
Better, Faster, Wow
Hey you,
On your thundercloud (thundercloud)
The whole world's brighter now
Better, Faster, Wow
Hey you,
On your thundercloud
Look at me now

Dead in a coma
Lost in your sofa
So familiar
I got my diploma
So nice to know ya
Goodbye, Goodbye
Look at me now

Look at me
Look at me
Look at me
Look at me
Look at me
Look at me

The whole world's brighter
Better, Faster, Wow
Hey you,
On your thundercloud
It seems like the whole world's brighter now
Better, Faster, Wow
Hey you,
On your thundercloud
Look at me now
Look at me now
Goodbye, Goodbye, goodbye, goodbye, goodbye,
Goodbye, goodbye,
