You're nobody
'Til somebody loves you
Oh, you're nobody
'Til somebody cares

And oh, you may be king
You may possess
The world and all it's gold
But that gold won't bring you happiness
When you're growing old

The world still is the same
You'll never change it
As long as the stars shine above
You got to remember that

You're nobody, nobody
'Til somebody loves you
So find yourself somebody to love

Ooh, the world stays the same
You'll never change it
You'll never change it, no, no, no
As long as the stars shine above
What you got to remember is that

You're nobody, no, you're nobody
'Til somebody loves, loves you
So, go on out and find someone to love
And oh, take my advice and go on out
And find someone to love
