champagne in amsterdam by Machiavel  
Driving all night down the highway  
Stoppin' in Amsterdam  
Wet nights, bright lights in our eyes  
Get a drink in a topless bar  
The girls look like mannequeens  
No live, no fun in their lives

Champagne in Amsterdam  
Spend our money and time  
No no honey you don't be mine  
No no babe I don't wanna fly

Neon girl you window-dress the wall  
Are you supposed to entertain the bar?  
You'll do mean things for money  
Don't wanna know who you really are  
Forget your troubles, forget your pain  
With a no name, no heart short-time honey

Champagne in Amsterdam  
Spend our money and time  
No no honey you don't be mine  
No no babe I don't wanna fly
