Voices told me
"nothing you can do
to solve your troubles,
there's only the truth!"

All I see around me ,
eyes without faces
We're finally under control
Nobody cares, nobody knows your name

We're playing like clowns,
faces, without names
We're playing like clowns,
face to face, we laugh at shame

I still use you babe,
and then I fade away
you still use me babe
behind a mask of prey

Look all around us,
clowns playing a role
We're finally under control
We're finally under control

We're playing like clowns,
faces, without names
We're playing like clowns,
face to face, we laugh at shame

We're playing like clowns,
with faces, without names
We're playing like clowns,
face to face, we laugh at shame

We're playing like clowns,

with faces, without names
We're playing like clowns,
face to face, we laugh at shame
