Forget your hate by Machiavel  
(Thierry Plas, Roland De Greef, Marc Ysaye,  
Hervé Borbé, Mario Guccio)

In the shadow  
You're looking all around  
As the black widow  
Rising from underground  
Waiting for her prey

Something is burning in you  
That suckles the hate inside  
Someone is breaking your heart  
But soon you'll have your revenge

Forget your hate  
Look inside yourself don't lose your mind  
There is no blame  
Find the way just to know who you are  
It's not a shame  
To realize that hate will take your life  
Forget your hate

Outside the window  
It is raining fast  
Another wild night  
Tearing you away  
And push you down and down

But something is shining in you  
You just need another chance  
Someone will bring the flame you need to light your life

Forget your hate  
Look inside yourself don't lose your mind  
There is no blame  
Find the way just to know who you are  
It's not a shame  
To realize that hate will take your life  
Forget your hate
