i'm not a loser by Machiavel
(Marc Ysaye - Mario Guccio - Albert Letecheur -
Jean Paul Devaux - Roland De Greef)

He was the first born, the first son of daddy dear
The first son of mummy dear
At the kindergarten he was always the first to finish his
wee-wee
At four o'clock he was the first to put all his toys back in
place.
He liked to hear people say: he 's been as good as gold
When mummy dear came to fetch him at school
He liked to hear people say : he 's been as good as
gold.

" I must always be the first
there 's no other way for me
well I say it to you guys, it 's not a game !
I'm the first, the first one, I'm not a loser
No no no no no I'm not a loser
No no no no no I'm not a loser
I must hold all the winning cards"

Years never changed a thing
He was always in the foreground
The first to answer, the favourite of the teacher
He was the champion of the football team
And even with the girls he was the best, the hardest
A real ladies man, well a real romeo !

" I must always be the first
there 's no other way for me
well I say it to you guys, it 's not a game !
I'm the first, the first one, I'm not a loser
No no no no no I'm not a loser
No no no no no I'm not a loser
Well I'm a winner "

At work he continued to be the first
Quickly he became the best employee of the office
He was the favourite of the boss

He was always the first one to arrive
You could see him at six o'clock
The first in the queue at the bus stop
No matter if he caused pain all around him
He crushed all on his way
Only one thing mattered to be the first
He was the champion of the business
Soon he had his own firm
Soon he 'll be a millionaire
The beginning of the monopoly was there !
Take a train, take a rolling train
Take a train, take a rolling train
Oh! running on all over the country, day and night
His affairs quickly became the first in U.S.A.
Super clothes,super shoes, a superman
Super business,super benefits, super dollars,a
superman
Super car, super women, super children, a superman
Super lover, super robber, super clear, he was a
superman

"Oh business all over the world
I'm not a loser
I'm a winner, I've got what I wanted
I'm the greatest
The NÂ°1"

It 's alright man, it 's alright
You 're the NÂ°1 of the loneliness
The first alone !
