johan's brother told me by Machiavel

Music: Albert Letecheur

Words : Marc Ysaye

I met Johan 's brother yesterday  
In an old sailor 's tavern  
He told me the life of his twenny years old brother  
Who just looked seventy five.  
He told me Johan lived in a univers  
Full of schizophrenics phantasms  
The last things he wrote were  
Someone must know my story

And the last things he wrote were someone must know  
my story  
someone must know my story  
someone must know my story

After a few minutes off conversation  
I understood from where he came  
Here 's Johan 's story maybe yourse  
Johan 's brother told me.....
