lay down by Machiavel
(Roland De Greef - Mario Guccio - Thierry Plas -
Marc Ysaye - Luc O)

Let me tell you, tell you something
I work everyday, I share all my nights
I'm gonna tell you, tell you something
I've thought that true love would change my life
Don't ask me why
Don't ask me why
There 's no love left in my eyes
Don't ask me why
Don't ask me why
There 's only one thing on my mind

Lay down

Let me tell you, tell you something
I care 'bout your dreams, but I can't help mine
It 's hard to leave, leave you alone
Love me one more time, goodbye
Don't ask me why
Don't ask me why
There 's no love left in my eyes
Don't ask me why
Don't ask me why
There 's only one thing on my mind
