Leave it where it can stay by Machiavel

Music: Albert Lethecheur

Words: Una Faravell - Marc Ysaye

Arrt: Jack Say

In time there is no place for you
In space there is no time for me
So I scream I scream the pain oh take it away
Leave it where it can stay

In time there is no space for me
In space there is no place for you
So I scream the pain oh take it away

Like the wind you 'll fly away
Like the time you 'll fly away
So I scream I scream my pain oh take it away
Leave it where it can stay
