nobody knows by Machiavel
(Roland De Greef - Mario Guccio - Thierry Plas -
Marc Ysaye - Luc O)

No nobody knows
I'm in love with you
Thrills are in the air
No nobody knows
How it feel inside
Thrills are in the air
Nobody knows that I love you
Nobody knows I do
Nobody knows how I need you
Nobody knows I want you
You and me got life to share

You touch me in my soul
You 've made me feel inside
What I had never felt
Take me where you go
I will be at your side
Until the very end
Call me whenever you want me
I will be there for you
Darling whenever you need me
I will come flying to you
You and I truly care
