rough city by Machiavel  
(Roland de Greef - Mario Guccio - Thierry Plas -  
Marc Ysaye - Luc O)

Livin' in this town for more than twenty seven years  
Don't know where I'm bound, but I'll learn fo find my  
way  
I've checked it out, I've seen it all, there 's ringin' in my  
ears  
Don't know when I'll go, but I'll get out of here one day

Everybody around me  
Do you hear me when I'm sayin'  
Their life is a drag, it 's all looking sad to me  
Everybody around me  
Can you hear me when I 'm cryin'  
They all look alike, they don't feel alive to me

What happened to the faithful man  
What happened to the faithful man  
What happened, what happened  
Hey !  
Rough city you drove him astray

Working like a dog as if it would be the solution  
You don't make a dime, you sure don't find no  
harmony  
Waiting all your time for what only an illusion  
I'm changing my plans, I need nobody's company
